Call for Partners from Programme Countries

Randers Produktionshøjskole are looking for dedicated youth organisations to take part in an exciting youth Exchange 'On the Same Beat'.

The project will be applied in the up-coming deadline 26th April 2016.

It is Expected that the Youth exchange will take place June or July 2017, Randers, Denmark. It will include 60 young people from 5 different countries.

On the same Beat is a youth exchange based upon the theme of Music, with the aim of enhancing young people's cultural awareness. The exchange is bringing together 60 young people, in order to broaden their horizons and promote cultural diversity through music workshops and teamwork in small, friendly and culturally diverse groups.

Prior to the Exchange, one leader from each partner will take place in **an Advanced Planning Visit.**

As a partner you will be responsible to send and prepare 11 participants (youth), and two leaders on the Youth Exchange. A travel budget will be available to contribute to the cost of travelling to Denmark in accordance with the Erasmus + travel bands and distance calculator.

The youth and leaders will be provided with meals and accommodation for the duration of the Exchange.

Please be aware that the accommodation provided for the exchange will be simple and based on shared sleeping arrangements, it may for example be camping or mattresses at the school, or in a near by sports hall. It will be ensured that the sleeping arrangements, and shower facilities are gender separated.

Our Policies

This youth exchange is targeting young people with fewer opportunities. To ensure that the exchange has a positive impact upon them, and that the Exchange creates overall added value, we have a number of policies that all partners should adhere to:

- We insist that the Youth Leader who attends the APV is also the youth leader who will be part of the youth exchange
- The Youth leaders should have a good level of experience
- We do not accept the partners charging participation fees for the Youth Exchange
- The youth participants of the youth exchange should be within the target age group (18-22) and meet the criteria (see above). This is essential to ensure synergy amongst the young people, and an overall positive impact.

To express your interest in being a partner in this project and participating in this Youth Exchange, please contact Daniel at daniel@intercollege.info no later than Tuesday 29th March 2016.
