

## KA2 - Strategic Partnerships

### Youth Sector

### Call for Partners

InterCollege is looking for partner organisations for the project below. The call is open to organisations/institutions located in Programme Countries, except Romania, UK, Germany, and Turkey where partners have been already identified.

#### Project background

Although the interaction between nations, governments and economies has existed for thousands of years, today globalization, to use the words of Thomas Friedman, is “farther, faster, cheaper, and deeper”. Recent events unquestionably show that lives of men and women of this planet are affected by events happening thousands of miles away. There are many environmental repercussions such as the greenhouse effect, climate change, pollution and the exhaustion of natural resources. There is an increasing poverty in societies, forced migration, racism, xenophobia and conflicts.

Between 2015 and 2018, InterCollege, alongside the Danish United Nations Association and other seven partners across Europe, implemented the project “Education for Global Responsibility”. Within the project was developed a certification system for schools and youth organisations that adopt practices of being global responsible. The project has also developed 40 non-formal education methods on promoting the Sustainable Development Goals ([www.globalresponsibility.eu](http://www.globalresponsibility.eu)).

The project gave valuable results highly appreciated by the partners involved and experts from the Danish National Agency. Based on this, InterCollege is looking to further extend and capitalise the project results in the youth sector.

#### Project Activities

1. Kick-off meeting (M1)
2. Production of visibility/promotional materials for Global Responsibility Education.
3. Production of the Manual Global Responsibility Education that incorporates the methods developed and collects grassroot practices on working with Sustainable Development Goals.
3. Training Course that give the new partners competences to work both with the certification system and the non-formal methods developed in the previous project.

4. Local Activities:

- **Local trainings:** After the training course, each partner will train at least 20 youth workers from at least 10 local/regional/national youth organisations on how to work with Global Responsibility Education.
- **Certification of youth organisations:** Each partner shall certify least 10 youth organisations

5. National Evaluation

6. Evaluation Meeting (M2)

### **Project Management Activities and budget use:**

With the project management budget, the costs for the followings will be covered:

1. Update and maintenance of the website, adding the new contact points: 2000 euro (administrated by InterCollege)
2. Design of visibility materials: 3000 euro (administrated by InterCollege)
3. Translation of visibility materials: 2000 euro (administrated by InterCollege)
4. Printing the visibility activities: 5000 euro (administrated by InterCollege)
5. Layout and printing of the book: 6000 euro (administrated by InterCollege)
6. Proofreading of the book: 1500 euro (administrated by InterCollege)
7. Social media campaign: 1000 euro (administrated by InterCollege)
8. Monitoring: 5000 euro (administrated by the monitoring partner)

### **Project management for partners:**

The partners will administrate themselves 3500 euro that shall be used as follows:

1500 euro – base fund for expenses regarding the project administration and implementation.

1000 euro – funds to organise and deliver the local trainings

1000 euro – funds to cover expenses in connection with certification activities (meetings with local/regional/national youth organisations, communication, administration).

### **Eligible Partners:**

Associations, NGOs, public or private institutions with a large reach to local and regional youth organisations. The partner shall demonstrate that it has capacity to disseminate the project results amongst a large number of youth organisations at local, regional and national level.
